

FEDERAL SERVICES

Announces a
CERTIFIED EXAMINERS COURSE
HOSTED BY THE
South Euclid Police Department
Cleveland, OH

The **South Euclid P.D.** purchased their first Computer Voice Stress Analyzer® (CVSA®) in **2003** and discontinued the polygraph. NITV Federal Services is pleased to announce that due to the tremendous success of the CVSA at the **South Euclid P.D.**, they will be hosting another **Certified Examiners Course** to be held **Aug. 18-22, 2025**, to train additional examiners. **3,000** law enforcement agencies across the U.S (**285 in CA, 276 in OH, and 229 in MO**) now rely on the CVSA for their truth verification needs, including local, state and federal agencies, including **Federal ICAC Task Forces (15)**. *Since this class is expected to fill quickly, we suggest you reserve student slots early.* Visit our Website at www.CVSA1.com

The forward-thinking agencies that utilize the CVSA have found it to be a tremendous asset for Criminal and Background Investigations, and the CVSA can also analyze old taped interviews to solve Cold Cases. Most have utilized the CVSA for many years and they include the **California Highway Patrol - since 1999-32 CVSA's**, **Illinois State Police - 2019-11**, **New Orleans P.D. - 1996-29**, **Atlanta P.D. - 2003-14**, **Nashville P.D. - 2004-26**, **Kansas City P.D. - 2018-5**, **Missouri Dept. of Public Safety - 1998-52**, **Florida Div. of Investigative and Forensic Services - 2003-12**, **San Diego Co. S.O. - 1999-13**, **California Dept. of Justice - 2022 -11**, **California Dept. of Corrections and Rehabilitation - 2017-58**, and the **US Federal Courts - 2010-15**. Most agencies have simply disbanded their polygraph units as they no longer find a need for the older, more expensive and less accurate technology.

The new CVSA III is FAST, RELIABLE, COST-EFFECTIVE and EASY-TO-USE. Unlike the polygraph, drugs and medical issues are not known to affect the results of the CVSA III and there are no known countermeasures to cause “inconclusive” results. The CVSA III gets to the truth and precisely identifies deception with its patented automatic scoring algorithm. The cost of the CVSA III with 2 detectives trained is 1/6 the cost of the polygraph with two students trained. The average exam time for the CVSA is approximately 1 hour.

With 3,000 law enforcement agencies utilizing the CVSA, and 2 peer reviewed, published studies validating its accuracy, isn't it time for your agency to acquire the latest in truth verification technology?

If you are planning to purchase or enroll in this course or, for more information on what is called “*One of the most important investigative tools available today*” call us toll-free **888-266-7263** or e-mail us at NITVFS@cvs1.com
