

FEDERAL SERVICES

Announces a
CERTIFIED EXAMINERS COURSE
HOSTED BY THE
Volusia Co. Sheriff's Office
Daytona Beach, FL

The **Volusia Co. Sheriff's Office** purchased their first Computer Voice Stress Analyzer® (CVSA®) in **1997** and NITV Federal Services is pleased to announce that due to the tremendous success of the CVSA at the **Volusia Co. Sheriff's Office**, they will be hosting another **Certified Examiners Course** to be held **Jan 6-10, 2025**, to train additional examiners. **3,000** law enforcement agencies across the U.S (**229 in FL, 282 in CA, and 276 in OH, 221 in MO**) now rely on the CVSA for their truth verification needs, including local, state and federal agencies, as well as **ICAC Task Forces**. *Since this class is expected to fill quickly, we suggest you reserve student slots early.* Visit our Website at www.CVSA1.com

The forward-thinking agencies that utilize the CVSA have found it to be a tremendous asset for Criminal and Background Investigations, and the CVSA can analyze old tape-recorded interviews to solve Cold Cases. Most have utilized the CVSA for many years and they include the **California Highway Patrol - since 1999-32 CVSA's, Illinois State Police - 2019-11, New Orleans P.D. - 1996-29, Atlanta P.D. - 2003-14, Nashville P.D. - 2004-26, Kansas City P.D. - 2018-5, Missouri Dept. of Public Safety - 1998-52, Florida Div. of Investigative and Forensic Services - 2003-12, San Diego Co. S.O. - 1999-13, California Dept. of Justice – 2022-18, and the US Federal Court's Div. of Probation - 2010-15**. Most agencies have simply disbanded their polygraph units as they no longer find a need for the older, more expensive and less accurate technology.

The new CVSA III is FAST, RELIABLE, COST-EFFECTIVE and EASY-TO-USE. Unlike the polygraph, drugs and medical issues are not known to affect the results of the CVSA III and there are no known countermeasures to cause "inconclusive" results. The cost of the CVSA III with 2 detectives trained is 1/6 the cost of the polygraph with 2 students trained. The average exam time for the CVSA is 1 hour – the average exam time for the polygraph is 2-3 hrs.

With 3,000 law enforcement agencies utilizing the CVSA, and with 2 peer-reviewed, published studies validating its accuracy, isn't it time to acquire the latest in truth verification technology?
